Lecture course  PsyMSc 3A Klin II

Psychological disorders II

Time: Wednesdays 10-12 am  Room: HZ 10 Campus Westend
Starts: April 19 2017  Ends: July 19 2017  Exam: July 19

This second part of the lecture Psychological Disorders continues to give an overview over the entire spectrum of psychological disorders, shifting the perspective more to a psychoanalytic, developmental, and cultural perspective. Exam questions are based on the mandatory readings provided in OLAT for each session as well as on the lecture itself. Slides have a merely supportive function and do not substitute the lecture itself nor the readings. The final exam is for this second part only and optionally either in English or German. The final mark for the module MSc3A Klin results from the combined results of both semesters.

Regular attendance and reading, passing of exam(s): 4 Credits

April 19  Introduction to some basic psychoanalytic concepts: Psychological defense
April 26  Personality disorders 1: Basic concepts, categories versus dimensions
